PERSONAL CONSTRUCT PSYCHOLOGY CPD DAYS

Coventry Constructivist Centre has been running PCP study days for about 20 years. They bring together professionals who are interested in PCP and want to develop their knowledge and skills. Participants come from a variety of

professional backgrounds so there are opportunities to learn from each other about using PCP. New participants are very welcome if they already have some understanding of PCP. The days have an open, informal, collaborative style

which means that they are suited to people at all levels of PCP expertise. The days have a variety of components but they always include the opportunity to learn, discuss ideas and experiences and to use a technique. The groups are usually

between 10 and 24 participants so there is the opportunity to chat and network at breaks. Take a look at the website to see photos and comments about previous days to get a feel for their style: <http://covpcp.com/news.html>.

2020-21 CPD Day programme

Sept 2020

These are a few of my favourite things - PCP techniques. Talk for 10 mins on your favourite technique. If you don't have one, come and learn.
Sally Robbins

December 2020

What if there is not much time? PCP in consultation and very brief interventions in coaching and therapy.
